

## Texas Board of Nursing Offers Webinars on:

### The LVN Scope of Practice: What Every LVN, RN, and Employer Should Know

As we watch healthcare budgets diminish, nurses are increasingly asked to do more and more with less and less. During these difficult economic times, nurses must rise to meet the challenge of providing safe and effective nursing care with fewer precious resources. Working together to develop collaborative teams that encourage efficient processes for delivering nursing services is part of the solution. Collaboration and teamwork require that individuals understand each other's role in the healthcare system. Licensed vocational nurses (LVN) have a vital role on the team and are responsible for providing safe, compassionate and focused nursing care to assigned patients with predictable health care needs.

The purpose of this webinar is to provide direction and recommendations for LVNs, their RN clinical supervisors, other clinical supervisors, and their employers regarding the safe and legal scope of practice for LVNs and to promote an understanding of the differences between the LVN and RN levels of licensure as they work together to maximize what can be accomplished towards meeting the needs of patients.

#### OBJECTIVES

At the end of the webinar, participants will be able to:

1. Identify the main Statutes and Board Rules and Regulations related to the LVN Scope of Practice.
2. Discuss and apply the Six-Step Decision Model for Determining the LVN Scope of Practice.

### 2013 Webinar Schedule

#### The LVN Scope of Practice: What Every LVN, RN, and Employer Should Know

Thursday, March 7, 2013

(9:30 am – 10:30 am CST)

Registration deadline is Friday March 1, 2013
